GUIDE

TRANSFORM YOUR HOME with a kitchen and bath remodel.

Your home. It's where you start and end your day surrounded by the ones you love most. It's where you spend countless hours preparing your family's favorite home-cooked meals. And it's the central gathering place for many holidays that your kids, and their kids, will remember forever.

Your home is also one of the best investments your family will ever make. Maybe you are planning to live in your home forever. Or maybe you plan to sell in a few short years. Regardless of your goals, a kitchen and bathroom remodel can create a more functional and desirable living space for your family and for future home buyers, as well.

What does a kitchen and bathroom remodel cost?

Every family is unique. And so is every kitchen and bathroom remodel.

From the size of your kitchen and bathrooms to the materials used, there are several factors that determine the cost of your remodel project. Pool Brothers offers three-tier selections to help guide clients towards a remodel option that fits your budget, and a custom design experience that exceeds your expectations.

Our design team is committed to helping you create thoughtfully designed kitchen and bathroom spaces. We will guide you through every design detail to ensure you make the most of the space you choose to remodel, while also helping maximize the value of your home.

Essential Remodel

With the Essential remodel tier, you can expect a basic level of customization options with the quality service and materials Pool Brothers is known for.

ESSENTIAL KITCHEN

- Use of existing cabinetry layout
- Appliances remain in existing locations
- Semi-custom cabinetry
- Essential level fixtures
- Entry-level granite countertops
- Essential level tile backsplash

ESSENTIAL BATHROOM

- Use of existing layout and fixtures remain in the same location
- Entry-level fixtures
- Semi-custom cabinetry
- Entry level granite
- Ceramic tile and porcelain tile options
- Custom shower doors

Select Remodel

Our Select Tier has the same options as our Essential Tier, while also accommodating a few extra customization options like paint upgrades, cabinet doorstyle upgrades, a few accessories upgrades, and extra height options for cabinets.

SELECT KITCHEN

- Minor layout changes
- Appliances may be moved to other locations
- Custom cabinetry with standard paint options
- Select level fixtures
- Upgraded granite options, entry-level quartz, and marble
- Select level tile options for backsplash

SELECT BATHROOM

- Minor layout changes and limited fixture movement
- Upgraded tile option for floor and shower
- Upgraded fixture options
- Custom cabinetry
- Upgraded granite option, entry-level quartz and marble
- Electrical upgrades and additions
- Custom shower door

Premier Remodel

Premier has the same quality cabinet options with extras similar to the Select Tier, plus additional special features, like extravagant wood hoods, high-end architectural elements, appliance panels, more accessories, and more combinations of high-end cabinet door styles with complex or custom finishes.

PREMIER KITCHEN

- Move or remove walls to accommodate new layout
- Custom cabinetry with special modifications and custom colors
- Premier level fixtures
- Upgraded quartz and marble options
- Premier level tile options for backsplash
- Electrical changes and additions

PREMIER BATHROOM

- Move or remove walls to accommodate new layout and fixture movement
- Custom cabinetry with special modifications and custom colors
- Premier level fixtures
- Upgraded quartz and marble options
- Premier level tile options for shower and floor
- Custom shower door
